Space and Naval Warfare Systems Center San Diego Awards Contract

SAN DIEGO — Science Applications International Corp., San Diego, Calif., is being awarded a \$32,986,671 indefinite-delivery/indefinite-quantity contract with a cost-plus-fixed-fee pricing arrangement for program configuration management, technical services, systems engineering, algorithm development, hardware and software development, material analysis, data processing, testing, repair, installation, deployment, recovery, and analysis in support of maritime and littoral area surveillance technologies. Work will be performed in San Diego, Calif., and is expected to be completed by January 2011. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured via the SPAWAR e-commerce central website with one proposal received. The Space and Naval Warfare Systems Center San Diego, Calif., is the contracting activity (N66001-06-D-5021).
